Thanks Lisa, and I've seen Pedro's note that should Q's or inquiries come to PS Team staff, we refer to him, all the time.

Subject: Talking points for Whatsupstream.com issue

Team: Gina suggested I share the internal talking points for the Whatsupstream.com hot issue.

The attached document contains talking points on Whatsupstream.com that we developed for an Administrator's January 2016 briefing to the House Ag Subcommittee. The talking points on Whatsupstream.com are toward the end (I was working on editing it down for brevity, but much of that section was ultimately removed during the review process because it was felt to have detail unnecessary for the intended forum). BTW, Bill helped develop the other parts of the briefing paper.
